### Another Minot Case

It Proves That There's a Way Out for  
Many Suffering Minot Folks.

Just another report of a case in Minot. Another typical case. Kidney ailments relieved in Minot with Doan's Kidney Pills.

Mrs. M. A. Woodbury, 822 Washington St., Minot, says: "I was laid up with an attack of kidney trouble. I had terrible headaches and dizzy spells and was in constant pain. My health was all run down. Doan's Kidney Pills entirely cured me. Since then the drinking water here had affected my kidneys several times and I have also caught cold on them. Doan's Kidney Pills, however, have quickly cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Woodbury had. Foster-Milburn Co., Props., Buffalo, N. Y.

### Many Magpies.

Since the climate of this section of the state has changed during the past ten years, magpies are becoming quite numerous in the coulees. J. C. Johnson, a mail carrier, says they often light on the backs of his cattle and are very tame. They are about twice the size of an ordinary blackbird and are black and white in color. It is believed that they were driven out of the Rockies several years ago by the forest fires.

Senator Hyland's bill appropriating \$1830 for handling fish in Devils Lake, passed. Fish have never done well in that big body of water.

### Farm Boys and Girls Meet President.

Thirty farm boys and girls of the United States, champion corn growers and bread makers, called on Woodrow Wilson, president of the United States at Washington this week. One of the boys, Roy Halvorson, of Minnesota, who grew over 115 bushels of corn on an acre, was one of the visitors. Two girls, Margaret Lofgren, aged 16, of Ulen, Minn., and Florence Fiergolia, aged 19, of Sauk Rapids, also shook hands with the president.

A young man of this vicinity received a letter a few days past, saying that his letters were entirely too short. So the young man went to the drug store, bought about 30 feet of paper all in one piece and went to work, it taking about two solid days to fill the 30 foot paper. His sweetheart, who was the complainer, will probably have a good letter for once when she receives all this bundle of paper.—Aneta Panorama.

### Dust Box.

A dust box is one of the important things to provide for the poultry house. The fine dust suffocates lice so that the dust helps the birds keep themselves rid of lice. Road dust is very good. A barrel of it should be saved up in the summer.

### 587 Autos in Ward County.

The number of autos registered in the state in 1914 was 17,347 and the number of motor cycles was 1255. The total amount of licenses was \$55,964. Ward county had 587 autos and 37 motor cycles and she received from the state fund \$1685.87 for use on the county roads.

### Governor Will Appoint Wood.

The governor Saturday signed the bill providing for a state board of chiropractors, consisting of five members. It is understood that G. G. Wood, the Minot chiropractor, who was instrumental in getting Senator Englund to introduce the bill, will be appointed by the governor as one of the members of the board.

### Jim-Jam-Jems Trial Soon.

The re-trial of Sam Clark and C. H. Crockard, publishers of Jim-Jam-Jems, will come up for trial in federal court March 16. Convicted once of sending obscene matter thru interstate

commerce, these publishers secured a new trial, the outcome of which will be watched with interest. It is predicted generally that they will go free.

The lower house of the Montana legislature voted to abolish the state tax commission. It proved about as successful as the North Dakota commission, which was likewise abolished by our own legislature.

Declaring that his former wife was not true to him, Daniel Herr of Ellendale, started for Glen Ullin, with a rifle, declaring that he would kill her. He started to walk to the farm where she was living, but she was notified by

phone that her life was in danger and fled. Herr has been locked up.

Yankee Robinson's three-ringed circus is scheduled to make Mandan during the coming season. Now if President Richetr could manage to hold the press meeting at the same time, there'd be something doin'.

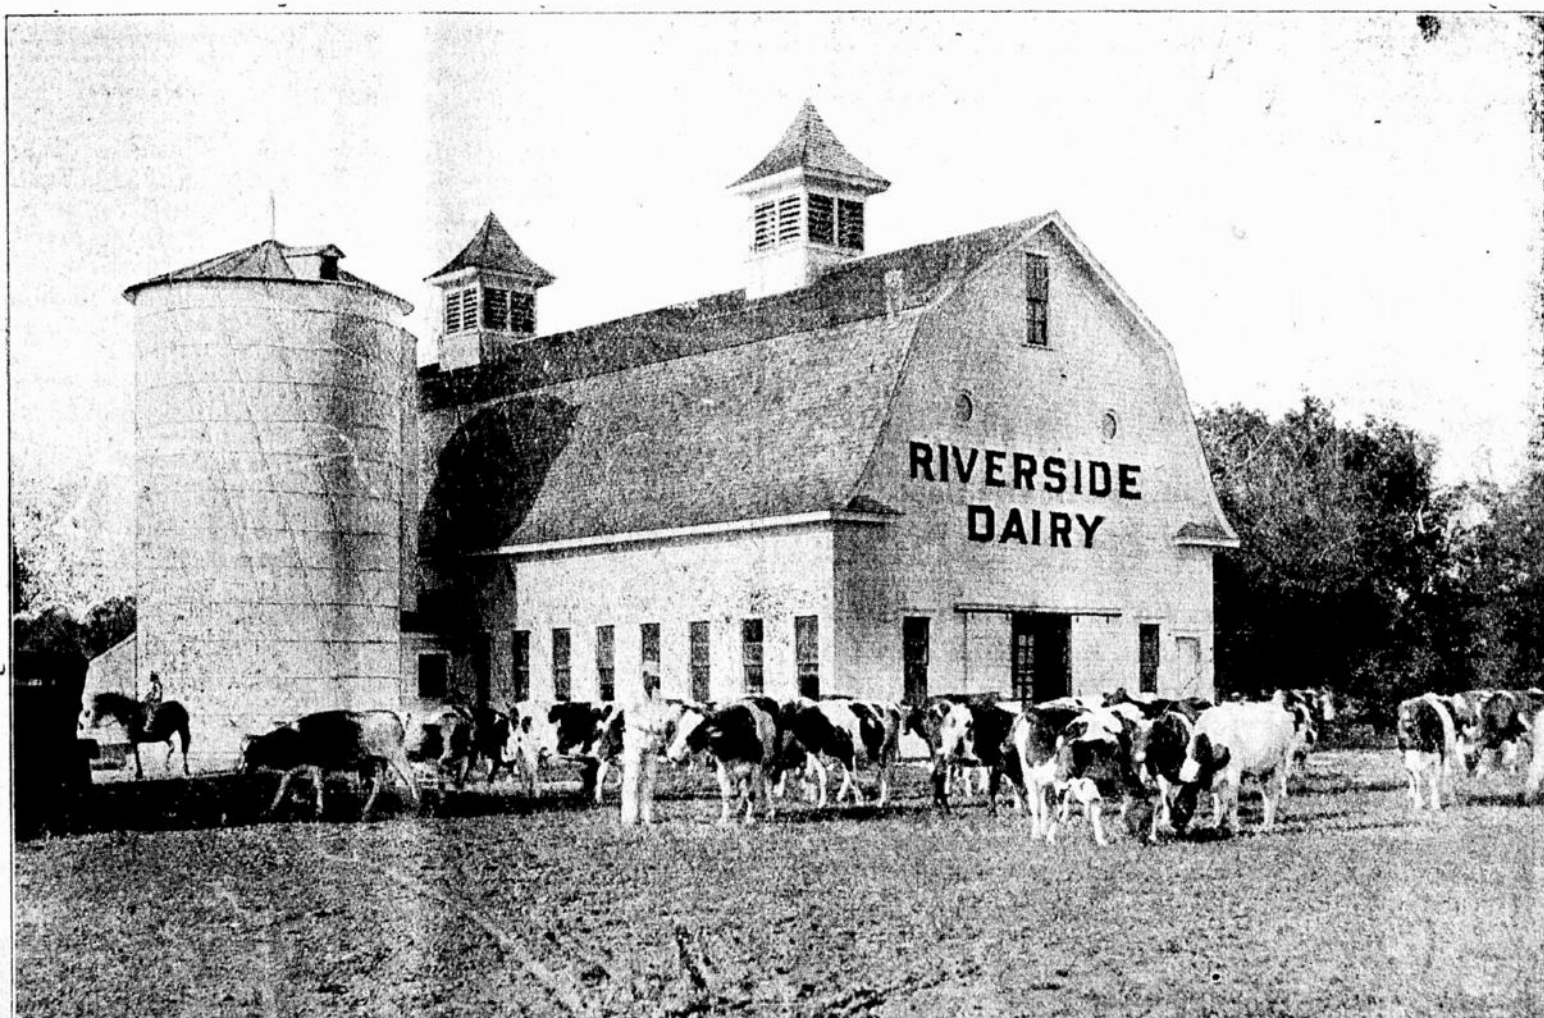

John Martie of Portal mourns the loss of some chickens, stolen from his poultry house, and the International threatens to print the thief's name in bold face type if he is apprehended.

Without consulting the good people who live at Mike Breen's town, the Great Northern changed the name of

the place from Wolford to Orkney, because there was another town, Watford, with a similar name. Mike says a rose by any other name would smell just as sweet and Wolford will keep right on being the best town for its size in the state.

**Growing Children**  
frequently need a food tonic and tissue builder for their good health.

## The Riverside Dairy Farm, J. E. Elsberry, Proprietor

The above is a picture of one of the large barns on the Riverside Dairy of 91 pure bred and high grade Holstein and Guernseys, a Holstein two-year-old heifer holding the state record in her class. Mr. Elsberry is making his business pay out well and has built up one of the very finest herds in North Dakota. He always has some stock for sale and is doing much to build up the dairy industry in this section of the state.
